APPLICATION PACKAGE:
SUMMER FELLOWSHIP AT
SUNY’S CENTER FOR INTERNATIONAL DEVELOPMENT

In Summer 2010, graduate students from the State University of New York are invited to apply to work as “CID Fellows” in Kenya, Uganda, Bosnia-Herzegovina, Serbia, Haiti, or Jordan at projects operated by the Center for International Development [CID].

These multi-year projects have been established in cooperation with the United States Agency for International Development [USAID] and are chiefly directed towards assisting national parliaments to strengthen their capacity to represent constituencies, participate in drafting and passing laws, and in oversee the performance of executives in government.

Over the past several years, SUNY graduate students and faculty have worked in Jordan, Peru, Tanzania, Zimbabwe, Uganda and Kenya. They have gained valuable experience that would allow them to return on a more substantial academic research fellowship or to provide background for their careers. Each placement provides a unique set of possibilities that emerge from each CID project’s particular program of work. We provide each Fellow with office space, overall guidance and assistance, and supervision in project related work. Applicants are encouraged to explore our web site: http://www.cid.suny.edu/

In addition, SUNY/CID annually awards one Art Sist Fellowship in the amount of $2,000 to a worthy candidate. Arthur Sist’s distinguished career began with a doctorate in political science from Yale University and ended with 15 years promoting the consolidation of democracy through teaching democratic theory and through directing programs for strengthening legislative and judicial systems in Latin America and Africa.

If accepted as a CID Fellow, students are encouraged to seek funding from other sources at the university and elsewhere. SUNY CID will provide support to any application for funding that is aimed to cover student’s expenses on the fellowship.

Applications are encouraged from political science, public administration, public finance, business, public health, sociology, economics, history and other social sciences, physical sciences or humanities.

Applications are due by the close of business on 26 February 2010. Interviews with finalists will be conducted in March.

For additional information, contact: Mark Baskin: 518-443-5261 Email: mark.baskin@cid.suny.edu
Application Instructions for SUNY CID Fellowship

♦ Collate the application in the order below.

♦ Type the application.

♦ Type your full name in the upper right margin of all application materials.
